From Principal's Desk:

I feel elated to forward this Annual Calendar for the convenience of the students, the teachers and the parents. Children are the seeds of future, who need to be nurtured well. Present education system should be implemented so as to cater the needs of children for their all round development. With this purpose and strong belief we regulate scholastic as well as co-scholastic activities at school. All the school activities are carried out on House basis to inculcate the quality of leadership in students and create healthy competition and team spirit among them by dividing them into the four Houses whose details are mentioned below :
